Notice of
King Mongkut's University of Technology Thonburi:
The surveillance of COVID–19 outbreak
No. 47 on June 29, 2021

On June 28, 2021, the University was reported 4 COVID–19 confirmed cases as follows:

The first case is a male undergraduate student from the Department of Electrical Engineering, the Faculty of Engineering **(the 53rd case of KMUTT)**. Currently, he is in a government hospital for treatment. The student reported that he entered the University premises (KMUTT Bangmod Campus) only on June 21, 2021 in the morning. He wore a facemask all the time and wasn't in close contact with other students or staff. Except for that day, he hasn't entered the University premises (KMUTT Bangmod Campus) and hasn't done any activities with other students or staff since June.) The related units are currently investigating to identify people whom the infected student might be in close contact with to assess the level of risk and continue to operate the relevant practices according to the measures of the Department of Disease Control.

The second case is a male undergraduate student from the Department of Civil Engineering, the Faculty of Engineering **(the 54th case of KMUTT)**. Currently, he is in a government hospital for treatment. The student reported that he hasn't entered the University premises (KMUTT Bangmod Campus) and hasn't done any activities with other students and staff since June. The related units are currently investigating to identify people whom the infected student might be in close contact with to assess the level of risk and continue to operate the relevant practices according to the measures of the Department of Disease Control.

The third case is a male undergraduate student from the Industrial Design Program, the School of Architecture and Design **(the 55th case of KMUTT)**. Currently, he is in a private hospital for treatment. The student reported that before being infected by COVID–19, he was undertaking the internship program at KX building, 18th floor. The related units are currently investigating to identify people whom the infected student might be in close contact with to assess the level of risk and continue to operate the relevant practices according to the measures of the Department of Disease Control. The student reported that he hasn't entered the University premises

(KMUTT Bangmod Campus and KMUTT Bang Khun Thian Campus) and hasn't done any activities with other students and staff since June.

The fourth case is a female undergraduate student from the School of Information Technology **(the 56th case of KMUTT)**. Currently, she is in a government hospital for treatment. The student reported that she hasn't entered the University premises (KMUTT Bangmod Campus) and hasn't done any activities with other students and staff since June. The related units are currently investigating to identify people whom the infected student might be in close contact with to assess the level of risk and continue to operate the relevant practices according to the measures of the Department of Disease Control.

Announced on June 28, 2021 at 10.00 hrs.

Should there be any update on the situation, the University will further announce it via **https://covid-19.kmutt.ac.th**
