

Notice of King Mongkut's University of Technology Thonburi: The surveillance of COVID-19 outbreak No. 67 on July 22, 2021

On July 22, 2021, the University was reported 4 COVID-19 confirmed cases as follows:

The first case is a female undergraduate student from the Joint Management Program, Media Arts and Media Technology, School of Architecture and Design **(the 107th case of KMUTT)**. Currently, she is in a government hospital for treatment. The student entered the University premises (KMUTT Bangmod Campus) only on June 15, 2021 in the afternoon. She wore a facemask all the time and wasn't in close contact with other students or staff. Except for that day, she had neither visited KMUTT Bangmod Campus nor KMUTT Bang Khun Thian Campus, and hadn't done any activities with other students or staff since June. The related units are currently investigating to identify people whom the infected student might be in close contact with to assess the level of risk and continue to operate the relevant practices according to the measures of the Department of Disease Control.

The second case is a female undergraduate student from the Department of Production Engineering, Faculty of Engineering **(the 108th case of KMUTT)**. Currently, she is in the care of the relevant government agencies and is waiting to be transferred to hospital for treatment. The student reported that she hasn't entered the University premises (KMUTT Bangmod Campus) and hasn't done any activities with other students or staff since June. The related units are currently investigating to identify people whom the infected student might be in close contact with to assess the level of risk and continue to operate the relevant practices according to the measures of the Department of Disease Control.

The third case is a female staff member of the School of Architecture and Design **(the 109th case of KMUTT)**. Currently, she is in the care of the relevant government agencies and is waiting to be transferred to hospital for treatment. The staff member reported that she visited KMUTT Bang Khun Thian Campus and Office of The President Building (KMUTT Bangmod Campus) on July 14, 2021. She kept physical distancing with the others and wore a face mask all the time. The investigation revealed 9 staff members who are considered as a risk group. The University has given order the said staff members to undergo self-quarantine and work from home for 14 days.

The fourth case is a female staff member of the Institute for Scientific and Technology Research and Services (**the 110th case of KMUTT**). Currently, she is in the care of the relevant government agencies and is waiting to be transferred to hospital for treatment. The staff reported that she entered the University premises (KMUTT Bangmod Campus) on the following dates: July 9 and July 12, 2021. She kept physical distancing with the others and wore a face mask all the time. The investigation revealed 1 staff member who is considered as a risk group. The University has given order the said staff member to undergo self-quarantine and work from home for 14 days.

Announced on July 22, 2021 at 12.00 hrs.

Should there be any update on the situation, the University will further announce it via <https://covid-19.kmutt.ac.th>
