King Mongkut's University of Technology Thonburi:

The surveillance of COVID-19 outbreak

No. 95 on August 19, 2021

On August 19, 2021, the University was reported 2 COVID-19 confirmed cases as follows:

The first case is a female undergraduate student from the Department of Production Engineering, Faculty of Engineering **(the 327th case of KMUTT)**. The student reported that she has fully recovered from COVID-19 after receiving treatment in a Hospital. The student reported that she hasn't entered the University premises (KMUTT Bangmod Campus) and hasn't done any activities with other students or staff since June. The related units are currently investigating to identify people whom the infected student might be in close contact with to assess the level of risk and continue to operate the relevant practices according to the measures of the Department of Disease Control.

The second case is a male undergraduate student from the Information Technology Program, School of Information Technology **(the 328th case of KMUTT)**. Currently, he is in a Hospital for treatment. The student entered the University premises (KMUTT Bangmod Campus) only on June 29, 2021. He wore a face mask all the time and wasn't in close contact with other students or staff. Except for that day, he hadn't visited the University and hadn't done any activities with other students or staff since June. The related units are currently investigating to identify people whom the infected student might be in close contact with to assess the level of risk and continue to operate the relevant practices according to the measures of the Department of Disease Control.

Announced on August 19, 2021 at 12.00 hrs.
