

Notice of

King Mongkut's University of Technology Thonburi:

The surveillance of COVID-19 outbreak

No. 97 on August 21, 2021

On August 21, 2021, the University was reported 5 COVID-19 confirmed cases as follows:

The first case is a female undergraduate student from the Department of Educational Communications and Technology, Faculty of Industrial Education and Technology **(the 336th case of KMUTT)**. The student reported that she has fully recovered from COVID-19 after being hospitalized for treatment in the government hospital. She hasn't entered the University premises (KMUTT Bangmod Campus) and hasn't done any activities with other students or staff since June. The related units are currently investigating to identify people whom the infected student might be in close contact with to assess the level of risk and continue to operate the relevant practices according to the measures of the Department of Disease Control.

The second case is a male undergraduate student from the Department of Mechanical Technology Education, Faculty of Industrial Education and Technology **(the 337th case of KMUTT)**. Currently, he is undergoing the Home Isolation Program. The student reported that he hasn't entered the University premises (KMUTT Bangmod Campus) and hasn't done any activities with other students or staff since June. The related units are currently investigating to identify people whom the infected student might be in close contact with to assess the level of risk and continue to operate the relevant practices according to the measures of the Department of Disease Control.

The third case is a male senior high school student of Darunsikkhalai School for Innovative Learning (DSIL) **(the 338th case of KMUTT)**. His parents have already contacted the relevant government agencies, and is currently waiting for further response regarding his treatment program. His parents reported that the student had neither visited DSIL nor KMUTT (Bang Khun Thian Campus), and hadn't done any activities with other students or staff. The related units are currently investigating to identify people whom the infected student might be in close contact with to assess the level of risk and continue to operate the relevant practices according to the measures of the Department of Disease Control.

The fourth case is a female master's student from the Graduate School of Management and Innovation **(the 339th case of KMUTT)**. Currently, she is in a hospital for treatment. The student reported that she hasn't entered the University premises (KMUTT Bangmod Campus) and hasn't done any activities with other students or staff since June. The related units are currently investigating to identify people whom the infected student might be in close contact with to assess the level of risk and continue to operate the relevant practices according to the measures of the Department of Disease Control.

The fifth case is a male staff member of the University Secretariat Office, the Office of the President **(the 340th case of KMUTT)**. He has already contacted the relevant government agencies, and is currently waiting for further response regarding his treatment program. The staff entered the University premises (KMUTT Bangmod Campus) on August 6, 2021. He wore a face mask all the time and wasn't in close contact with other students or staff. The related units are currently investigating to identify people whom the infected staff might be in close contact with to assess the level of risk and continue to operate the relevant practices according to the measures of the Department of Disease Control.

Announced on August 21, 2021 at 12.00 hrs.

Should there be any update on the situation, the University will further announce it via <https://covid-19.kmutt.ac.th>
