

Notice of

King Mongkut's University of Technology Thonburi:

The surveillance of COVID-19 outbreak

No. 78 on August 2, 2021

On August 2, 2021, the University was reported 5 COVID-19 confirmed cases as follow

The first case is a male undergraduate student from the Department of Tool and Materials Engineering, Faculty of Engineering (**the 185th case of KMUTT**). Currently, he is receiving medical treatment at home (Home Isolation Program) under the care of a private hospital. The student reported that he hasn't entered the University premises (KMUTT Bangmod Campus) and hasn't done any activities with other students or staff since June. The related units are currently investigating to identify people whom the infected student might be in close contact with to assess the level of risk and continue to operate the relevant practices according to the measures of the Department of Disease Control.

The second case is a male undergraduate student from the Department of Educational Communications and Technology, Faculty of Industrial Education and Technology (**the 186th case of KMUTT**). He has already contacted the relevant government agencies, and is currently waiting for further response regarding his treatment program. The student entered the University premises (KMUTT Bangmod Campus) only on June 29, 2021. He wore a face mask all the time and wasn't in close contact with other students or staff. Except for that day, he hadn't entered the University premises (KMUTT Bangmod Campus) and hadn't done any activities with other students or staff. The related units are currently investigating to identify people whom the infected student might be in close contact with to assess the level of risk and continue to operate the relevant practices according to the measures of the Department of Disease Control.

The third case is a male undergraduate student from the Department of Physics, Faculty of Science (**the 187th case of KMUTT**). Currently, he is receiving medical treatment at home (Home Isolation Program) under the care of a private hospital. The student entered the University premises (KMUTT Bangmod Campus) only on June 30, 2021. He wore a face mask all the time and wasn't in close contact with other students or staff. Except for that day, he hadn't entered

the University premises (KMUTT Bangmod Campus) and hadn't done any activities with other students or staff. The related units are currently investigating to identify people whom the infected student might be in close contact with to assess the level of risk and continue to operate the relevant practices according to the measures of the Department of Disease Control.

The fourth case is a male undergraduate student from the Department of Printing and Packaging Technology, Faculty of Industrial Education and Technology **(the 188th case of KMUTT)**. Deciding to return to his hometown for treatment, the student has already submitted his request to the relevant government agencies, and is currently waiting for further response. The student entered the University premises (KMUTT Bangmod Campus) only on June 21 2021. He wore a face mask all the time and wasn't in close contact with other students or staff. Except for that day, he hadn't entered the University premises (KMUTT Bangmod Campus) and hadn't done any activities with other students or staff. The related units are currently investigating to identify people whom the infected student might be in close contact with to assess the level of risk and continue to operate the relevant practices according to the measures of the Department of Disease Control.

The fifth case is a female staff member of the Department of Environmental Engineering, Faculty of Engineering **(the 189th case of KMUTT)**. She has already contacted the relevant government agencies, and is currently waiting for further response regarding her treatment program. The staff reported that she entered the University premises (KMUTT Bangmod Campus) on July 29, 2021. She wore a face mask all the time and wasn't in close contact with other students or staff. The related units are currently investigating to identify people whom the infected student might be in close contact with to assess the level of risk and continue to operate the relevant practices according to the measures of the Department of Disease Control.

Announced on August 2, 2021 at 12.00 hrs.

Should there be any update on the situation, the University will further announce it via <https://covid-19.kmutt.ac.th>
