

Notice of

King Mongkut's University of Technology Thonburi:

The surveillance of COVID-19 outbreak

No. 102 on August 26, 2021

On August 26, 2021, the University was reported 5 COVID-19 confirmed cases as follows:

The first case is a male undergraduate student from the Department of Civil Engineering, Faculty of Engineering **(the 370th case of KMUTT)**. The student reported that he has fully recovered from COVID-19 after receiving medical treatment at home (Home Isolation Program). The student reported that he hasn't entered the University premises (KMUTT Bangmod Campus) and hasn't done any activities with other students or staff since June. The related units are currently investigating to identify people whom the infected student might be in close contact with to assess the level of risk and continue to operate the relevant practices according to the measures of the Department of Disease Control.

The second case is a female undergraduate student from the Department of Educational Communications and Technology, Faculty of Industrial Education and Technology **(the 371st case of KMUTT)**. Currently, she is in a hospital for treatment. The student entered the University premises (KMUTT Bangmod Campus) only on June 30, 2021. She wore a facemask all the time and wasn't in close contact with other students or staff. Except for that day, she hadn't entered the University premises (KMUTT Bangmod Campus) and hadn't done any activities with other students or staff since June. The related units are currently investigating to identify people whom the infected student might be in close contact with to assess the level of risk and continue to operate the relevant practices according to the measures of the Department of Disease Control.

The third case is a female undergraduate student from the Digital Service Innovation Program, School of Information Technology **(the 372nd case of KMUTT)**. Currently, she is in a hospital for treatment. The student entered the University premises (KMUTT Bangmod Campus) only on June 15, 2021. She wore a facemask all the time and wasn't in close contact with other students or staff. Except for that day, she hadn't entered the University premises (KMUTT Bangmod Campus) and hadn't done any activities with other students or staff since June. The related units are currently investigating to identify people whom the infected student might be in close contact with to assess the level of risk and continue to operate the relevant practices according to the measures of the Department of Disease Control.

The fourth case is a female undergraduate student from the Joint Management Program, Media Arts and Media Technology, School of Architecture and Design **(the 373rd case of KMUTT)**. Currently, she is undergoing the Home Isolation Program. The student reported that she hasn't entered the University premises (KMUTT Bangmod Campus and KMUTT Bang Khun Thian Campus) and hasn't done any activities with other students or staff since June. The related units are currently investigating to identify people whom the infected student might be in close contact with to assess the level of risk and continue to operate the relevant practices according to the measures of the Department of Disease Control.

The fifth case is a female landscape maintenance staff **(the 374th case of KMUTT)**. Currently, she is undergoing the Home Isolation Program. The related units are currently investigating to identify people whom the infected staff might be in close contact with to assess the level of risk and continue to operate the relevant practices according to the measures of the Department of Disease Control.

Announced on August 26, 2021 at 12.00 hrs.

Should there be any update on the situation, the University will further announce it via <https://covid-19.kmutt.ac.th>
