

Notice of

King Mongkut's University of Technology Thonburi:

The surveillance of COVID-19 outbreak

No. 104 on August 28, 2021

On August 28, 2021, the University was reported 5 COVID-19 confirmed cases as follows:

The first case is a male Grade 7 student of the Darunsikkhalai School for Innovative Learning (DSIL) **(the 378th case of KMUTT)**. Currently, he is in a private hospital for treatment. His parents reported that the student has neither visited DSIL nor KMUTT (Bangmod Campus), and hasn't done any activities with other students or staff since June. The related units are currently investigating to identify people whom the infected student might be in close contact with to assess the level of risk and continue to operate the relevant practices according to the measures of the Department of Disease Control.

The second case is a female undergraduate student from the Department of Mathematics, Faculty of Science **(the 379th case of KMUTT)**. Currently, she is undergoing the Home Isolation Program. The student entered the University premises (KMUTT Bangmod Campus) only on June 21, 2021. She wore a face mask all the time and wasn't in close contact with other students or staff. Except for that day, she hadn't visited the University and hadn't done any activities with other students or staff since June. The related units are currently investigating to identify people whom the infected student might be in close contact with to assess the level of risk and continue to operate the relevant practices according to the measures of the Department of Disease Control.

The third case is a female master's student from the Graduate School of Management and Innovation **(the 380th case of KMUTT)**. Currently, she is in a private hospital for treatment. The student reported that she hasn't entered the University premises (KMUTT Bangmod Campus) and hasn't done any activities with other students or staff since June. The related units are currently investigating to identify people whom the infected student might be in close contact with to assess the level of risk and continue to operate the relevant practices according to the measures of the Department of Disease Control.

The fourth case is a male undergraduate student from the Department of Civil Technology Education, Faculty of Industrial Education and Technology (**the 381st case of KMUTT**). Currently, he is in a hospital for treatment. The student reported that he hasn't entered the University premises (KMUTT Bangmod Campus) and hasn't done any activities with other students or staff since June. The related units are currently investigating to identify people whom the infected student might be in close contact with to assess the level of risk and continue to operate the relevant practices according to the measures of the Department of Disease Control.

The fifth case is a female cleaning staff who works at zone B of the 3rd floor of the EXC Building, KMUTT Bang Khun Thian Campus (**the 382nd case of KMUTT**). Currently, she is in a hospital for treatment. The related units are currently investigating to identify people whom the infected staff might be in close contact with to assess the level of risk and continue to operate the relevant practices according to the measures of the Department of Disease Control.

Announced on August 28, 2021 at 12.00 hrs.

Should there be any update on the situation, the University will further announce it via <https://covid-19.kmutt.ac.th>
