## King Mongkut's University of Technology Thonburi:

### The surveillance of COVID-19 outbreak

#### No. 141 on October 15, 2021

On October 15, 2021, the University was reported 6 COVID-19 confirmed cases as follows:

The first case is a male bachelor's degree graduate from the Department of Computer Engineering, Faculty of Engineering **(the 476<sup>th</sup> case of KMUTT)**. The student reported that he has fully recovered from COVID-19 after receiving treatment in a hospital. The student reported that he hasn't entered the University premises (KMUTT Bangmod Campus) and hasn't done any activities with other students or staff since August. The related units are currently investigating to identify people whom the infected student might be in close contact with to assess the level of risk and continue to operate the relevant practices according to the measures of the Department of Disease Control.

The second case is a female undergraduate student from the Department of Educational Communications and Technology, Faculty of Industrial Education and Technology **(the 477<sup>th</sup> case of KMUTT)**. Currently, she is in a hospital for treatment. The student reported that she hasn't entered the University premises (KMUTT Bangmod Campus) and hasn't done any activities with other students or staff since August. The related units are currently investigating to identify people whom the infected student might be in close contact with to assess the level of risk and continue to operate the relevant practices according to the measures of the Department of Disease Control.

The third case is a male undergraduate student from the Industrial Technology Program, Faculty of Industrial Education and Technology **(the 478<sup>th</sup> case of KMUTT)**. Currently, he is in a hospital for treatment. The student reported that he hasn't entered the University premises (KMUTT Bangmod Campus) and hasn't done any activities with other students or staff since August. The related units are currently investigating to identify people whom the infected student might be in close contact with to assess the level of risk and continue to operate the relevant practices according to the measures of the Department of Disease Control.

The fourth case is a male undergraduate student from the Department of Educational Communications and Technology, Faculty of Industrial Education and Technology **(the 479<sup>th</sup> case of KMUTT)**. Currently, he is in a hospital for treatment. The student entered the University premises (KMUTT Bangmod Campus) in early September 2021. He wore a face mask all the time and wasn't in close contact with other students or staff. The related units are currently investigating to identify people whom the infected student might be in close contact with to assess the level of risk and continue to operate the relevant practices according to the measures of the Department of Disease Control.

The fifth case is a female master's student from the School of Information Technology **(the 480<sup>th</sup> case of KMUTT)**. Currently, she is undergoing the Home Isolation Program. The student reported that she hasn't entered the University premises (KMUTT Bangmod Campus) and hasn't done any activities with other students or staff since August. The related units are currently investigating to identify people whom the infected student might be in close contact with to assess the level of risk and continue to operate the relevant practices according to the measures of the Department of Disease Control.

The sixth case is a male undergraduate student from the Department of Mathematics, Faculty of Science **(the 481<sup>st</sup> case of KMUTT)**. Currently, he is in a government hospital for treatment. The student reported that he hasn't entered the University premises (KMUTT Bangmod Campus) and hasn't done any activities with other students or staff since August. The related units are currently investigating to identify people whom the infected student might be in close contact with to assess the level of risk and continue to operate the relevant practices according to the measures of the Department of Disease Control.

Announced on October 15, 2021 at 12.00 hrs.

Should there be any update on the situation, the University will further announce it via <https://covid-19.kmutt.ac.th>
