King Mongkut's University of Technology Thonburi:

The surveillance of COVID-19 outbreak

No. 168 on December 19, 2021

On December 19, 2021, the University was reported 2 COVID-19 confirmed cases as follows:

The first case is a male undergraduate student from the Department of Educational Communications and Technology, Faculty of Industrial Education and Technology **(the 531st case of KMUTT)**. Currently, he is in a hospital for treatment. The student reported that he hasn't entered the University premises (KMUTT Bangmod Campus) and hasn't done any activities with other students or staff since November. However, the student had met four of his friends off-campus. The related units are currently investigating to identify people whom the infected student might be in close contact with to assess the level of risk and continue to operate the relevant practices according to the measures of the Department of Disease Control.

The second case is a male master's student from the Department of Civil Engineering, Faculty of Engineering **(the 532nd case of KMUTT)**. The student reported that he has fully recovered from COVID-19 after being hospitalized for treatment in a hospital. The student reported that he hasn't entered the University premises (KMUTT Bangmod Campus) and hasn't done any activities with other students or staff since November. The related units are currently investigating to identify people whom the infected student might be in close contact with to assess the level of risk and continue to operate the relevant practices according to the measures of the Department of Disease Control.
