

Notice of

King Mongkut's University of Technology Thonburi:

The surveillance of COVID-19 outbreak

No. 179 on January 8, 2022

On January 8, 2022, the University was reported 3 COVID-19 confirmed cases as follows:

The first case is a female undergraduate student from the School of Information Technology **(the 568th case of KMUTT)**. Currently, she is in a private hospital for treatment. The student reported that she hasn't entered the University premises (KMUTT Bangmod Campus) since December 20, 2021. However, the student met other interns to have meal together. Her at-risk friends are informed to undergo self-quarantine to monitor their symptoms for 14 days. The related units are currently investigating to identify people whom the infected student might be in close contact with to assess the level of risk and continue to operate the relevant practices according to the measures of the Department of Disease Control.

The second case is a female staff member of the School of Energy, Environment, and Materials **(the 569th case of KMUTT)**. Currently, she is in a private hospital for treatment. The staff reported that she hasn't entered the University premises (KMUTT Bangmod Campus) and hasn't done any activities with other students or staff since December, 2021. The related units are currently investigating to identify people whom the infected staff might be in close contact with to assess the level of risk and continue to operate the relevant practices according to the measures of the Department of Disease Control.

The first case is a male undergraduate student from the Department of Mathematics, Faculty of Science **(the 570th case of KMUTT)**. He has already contacted the relevant government agencies, and is currently waiting for further response regarding his treatment program. The student reported that he hasn't entered the University premises (KMUTT Bangmod Campus) and hasn't done any activities with other students or staff since December 20, 2021. The student also informed the University that he had gone to Chiang Mai with his friend. The related units are currently investigating to identify people whom the infected student might be in close contact with to assess the level of risk and continue to operate the relevant practices according to the measures of the Department of Disease Control.

Announced on January 8, 2022 at 12.00 hrs.

Should there be any update on the situation, the University will further announce it via <https://covid-19.kmutt.ac.th>
