Notice of
King Mongkut's University of Technology Thonburi:
The surveillance of COVID–19 outbreak
No. 201 on January 30, 2022

On January 30, 2022, the University was reported 4 COVID–19 confirmed cases as follows:

The first case is a male undergraduate student from the Department of Mechanical Engineering, Faculty of Engineering **(the 782nd case of KMUTT)**. The student reported that he has fully recovered from COVID–19 after being hospitalized for treatment in a private hospital. The student reported that he hasn't entered the University premises (KMUTT Bangmod Campus) since January 2022. The related units are currently investigating to identify people whom the infected student might be in close contact with to assess the level of risk and continue to operate the relevant practices according to the measures of the Department of Disease Control.

The second case is a female undergraduate student from the Department of Chemistry, Faculty of Science **(the 783rd case of KMUTT)**. Currently, she is in a hospitel for treatment. The student entered the University premises (KMUTT Bangmod Campus) on January 10, 2022. She kept physical distancing and wore a face mask all the time while visiting the university premises. The related units are currently investigating to identify people whom the infected student might be in close contact with to assess the level of risk and continue to operate the relevant practices according to the measures of the Department of Disease Control.

The third case is a male undergraduate student from the Department of Production Engineering, Faculty of Engineering **(the 784th case of KMUTT)**. Currently, he is in a hospitel for treatment. The student reported that he hasn't entered the University premises (KMUTT Bangmod Campus) since January 2022. The related units are currently investigating to identify people whom the infected student might be in close contact with to assess the level of risk and continue to operate the relevant practices according to the measures of the Department of Disease Control.

The fourth case is a male undergraduate student from the Department of Electrical Engineering, Faculty of Engineering **(the 785th case of KMUTT).** The student reported that he has fully recovered from COVID–19 after being hospitalized for treatment in a hospitel. The student reported that he hasn't entered the University premises (KMUTT Bangmod Campus) since January 2022. The related units are currently investigating to identify people whom the infected student might be in close contact with to assess the level of risk and continue to operate the relevant practices according to the measures of the Department of Disease Control.

Announced on January 30, 2022 at 12.00 hrs.

Should there be any update on the situation, the University will further announce it via **https://covid–19.kmutt.ac.th**
