

Notice of

King Mongkut's University of Technology Thonburi:

The surveillance of COVID-19 outbreak

No. 202 on January 31, 2022

On January 31, 2022, the University was reported 4 COVID-19 confirmed cases as follows:

The first case is a male undergraduate student from the Department of Electronic and Telecommunication Engineering, Faculty of Engineering **(the 786th case of KMUTT)**. The student reported that he has fully recovered from COVID-19 after being hospitalized for treatment in a hospital. The student reported that he hasn't entered the University premises (KMUTT Bangmod Campus) since January 2022. The related units are currently investigating to identify people whom the infected student might be in close contact with to assess the level of risk and continue to operate the relevant practices according to the measures of the Department of Disease Control.

The second case is a male undergraduate student from the Department of Chemical Engineering, Faculty of Engineering **(the 787th case of KMUTT)**. Currently, he is undergoing the Home Isolation Program. The student reported that he hasn't entered the University premises (KMUTT Bangmod Campus) since January 2022. The related units are currently investigating to identify people whom the infected student might be in close contact with to assess the level of risk and continue to operate the relevant practices according to the measures of the Department of Disease Control.

The third case is a male staff member of KMUTT **(the 788th case of KMUTT)**. Currently, he is in a hospital for treatment. The staff reported his timeline 14 days before diagnosed with COVID-19, he had neither entered the University premises (KMUTT Bangmod Campus) nor done any activities with other students or staff. The related units are currently investigating to identify people whom the infected staff might be in close contact with to assess the level of risk and continue to operate the relevant practices according to the measures of the Department of Disease Control.

The fourth case is a female undergraduate student from the Department of Production Engineering, Faculty of Engineering **(the 789th case of KMUTT)**. Currently, she is undergoing the Home Isolation Program. The student reported that she hasn't entered the University premises (KMUTT Bangmod Campus) since January 2022. The related units are currently investigating to identify people whom the infected student might be in close contact with to assess the level of risk and continue to operate the relevant practices according to the measures of the Department of Disease Control.

Announced on January 31, 2022 at 12.00 hrs.

Should there be any update on the situation, the University will further announce it via <https://covid-19.kmutt.ac.th>
